

ASHOK J

SOFTWARE DEVELOPER

SUMMARY

Software developer with a strong foundation in C, Java, and modern JavaScript, focused on building reliable, user-centric web applications. Hands-on experience with React for responsive UI, basic Node.js for backend tasks, and MongoDB/MySQL for data workflows. Comfortable turning UI/UX wireframes into accessible, production-ready interfaces and collaborating across teams to deliver iterative improvements. Known for clear communication, problem-solving, and writing maintainable code that balances speed and quality.

EXPERIENCE

Tamilnadu Newsprint and Paper Limited

Inplant Trainee

7 days

- Completed a 7-day in-plant training covering OSI, TCP/IP, routing, and switching labs across 6+ scenarios.
- Configured routers/switches via CLI and documented five troubleshooting playbooks for reuse by classmates.

V Thangavel and Sons Pvt Ltd

Front-end Developer & Designer (Project)

Young India Chatcop

- Converted 10+ Figma wireframes into responsive UI screens backed by a reusable component kit.
- Reduced design-to-dev handoff time by ~20% by supplying annotated specs and asset bundles.

EDUCATION

KONGU ENGINEERING COLLEGE, ERODE

BE | Computer Science and Engineering

CGPA: 8.0

2023 - 2027

BHARANI PARK MATRIC HR SEC SCHOOL, KARUR

Higher Secondary Education

Percentage: 83.3

May 2023

PROJECTS

1) Grocery Delivery Website

MERN Stack

- Built a grocery delivery web app with product browse, cart, and checkout.
- Implemented responsive UI and basic order flow.
- Used React hooks and REST APIs for product/catalog management.

Repository: <https://github.com/ASHOKJ1952006/Grocery-delivery-website.git>

2) Trust Review

Python & Streamlit

- AI app to detect and classify fake vs genuine reviews in near real-time.
- Improves decision-making for users and businesses on product reputation.
- Built with text preprocessing, simple ML pipeline, and Streamlit UI.

Repository: <https://github.com/Bharani-dharan-k/Trust-Review.git>

3) KEC Student Portal

UI/UX & Figma

- Designed portal UI in Figma covering fees, materials, and timetable flows.
- Produced component library and user flows to guide implementation.

4) Seva Track – Civic Complaint System

React, Tailwind CSS, React Router, React Toastify

- Bilingual citizen portal (Hindi/English) with responsive design and modern UI.
- Role-based dashboards (Ward/Department/Field/Admin) with task assignment and status updates.
- Issue reporting with categories, photo upload, location, live stats, and notifications.
- Optimized routing/state; added toasts and loading states for clear UX.

Repository: <https://github.com/Bharani-dharan-k/civic-main.git>

OBJECTIVE

Apply problem-solving and UI/UX-driven development to build reliable, user-centric web applications within a growth-focused team.

SKILLS

Programming Languages

C Java Python
JavaScript

Frontend

HTML CSS
Bootstrap React.js

Backend

Node.js Python

Database

MongoDB MySQL

Design Tools

Figma
Adobe Illustrator
Canva Capcut

Soft Skills

Problem Solving
Design Thinking
Team Work

Areas of Interest

Web Development
UI/UX Designing

Database Management Systems

ACHIEVEMENTS

- 2nd Prize – CSD Hackathon (HACKNOVATE'25).
- 2nd Prize – CSE Hackathon (ALGORNEA'25).
- SIH Pre-finalist (Top 50 at college level).
- Participant – AI Hackathon by BYTS & Nunnar Labs.

CERTIFICATIONS

- Java SE 17 Developer – Oracle
- MongoDB Associate Developer

LANGUAGES

- Tamil — Native
- English — Proficient
- Hindi — Readable
